

# Mobile filter systems

On request, we can also supply you with complete, mobile filter systems, which we will design according to your wishes.

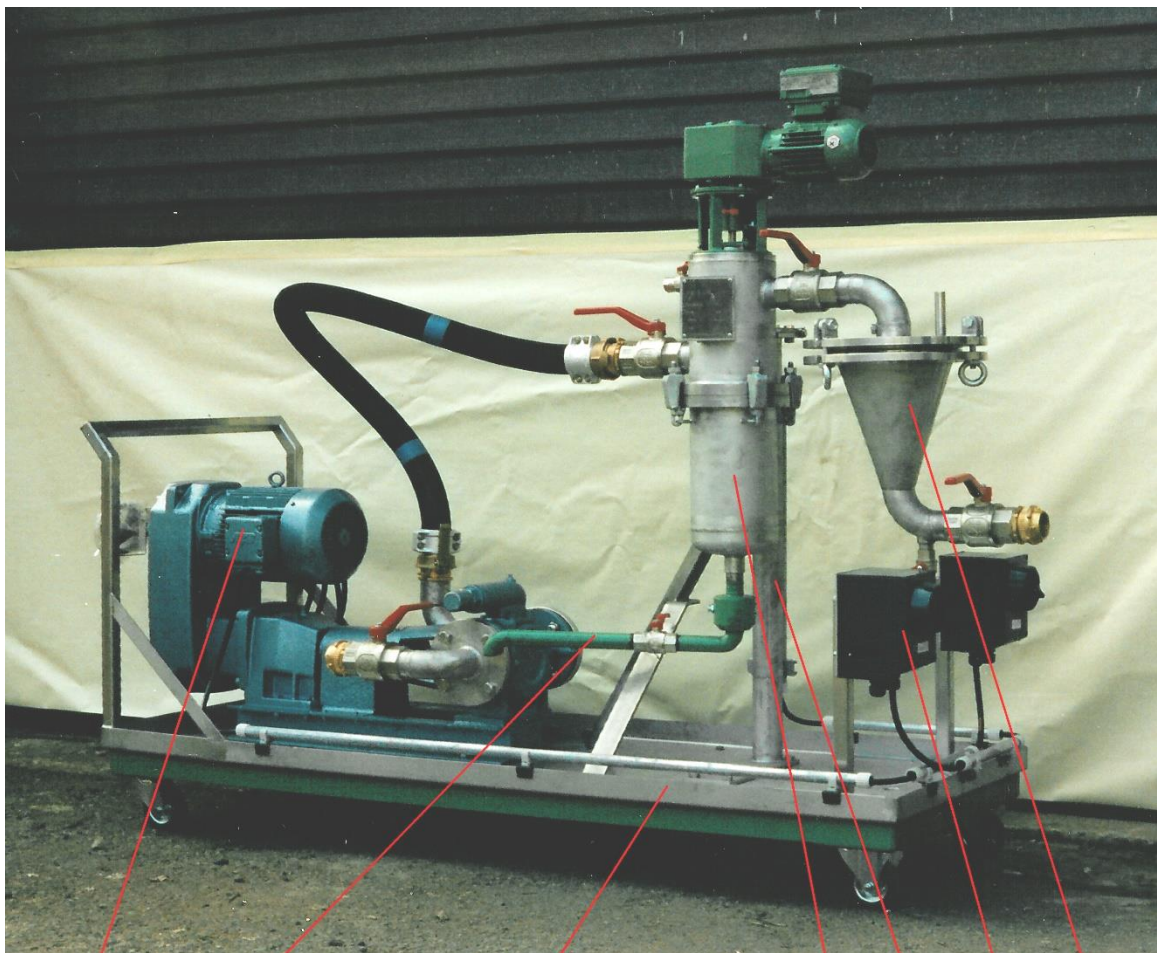

## Example 1

Self-cleaning filter type DELTA-STRAIN 600-RS with control unit, discharge valve and lifting device as a mobile unit.

## Example 2

Mobile pump filter system with self-cleaning filter type DELTA-STRAIN 110-D/L for mirror paints

1 2 3 4 5 6 7

- Pos. 1 Controllable gear pump with explosion protection according to EExelIT3
- Pos. 2 Rotatable dirt drain on the self-cleaning filter
- Pos. 3 Mobile leakage tray made of 1.4541 with push handle
- Pos. 4 Self-cleaning filter type DELTA-STRAIN 110-D/L made of 1.4571
- Pos. 5 Fixture for filter made of 1.4541 with folding joint for swivelling up the filter during assembly work
- Pos. 6 EX switch for pump and filter
- Pos. 7 Police filter for filter cloth / fabric made of 1.4571

## Example 3

Mobile pump filter system with universal filter housing for holding a strainer basket, a filter bag or 3 filter candles

## Example 4

Transport trolley with: Candle filter housing type DELTA-KFS-3-2-2 (left)  
Bag filter housing type DELTA-BF-1-2-2 (right)
